

EDWARD DAVIS

CHAIRMAN, BOARD OF DIRECTORS
HUNA TOTEM CORPORATION

“To advance the economic aspirations and culture of the *Xunaa Káawu* through business excellence, sustainable economic growth, leadership, and education” is more than just words—it is our mission, our north star. It guides us as we work toward our vision where the *Xunaa Káawu* are recognized as the standard of excellence in advancement of Native people.

Huna Totem Corporation’s success is not by chance; it is by design. It is the culmination of years of careful planning, sound policies, strong leadership, and strategic investments. Every decision—whether in capital management, partnerships, or asset growth—is made with intention and purpose, ensuring we maximize returns for our owners. Each of these efforts alone holds little value, but executed together, they create a powerful foundation for our corporation’s strength and sustainability.

Over the past year, our success across multiple sectors—our world-class Icy Strait Point operations, government contracting businesses, and growth in tourism development—has positioned Huna Totem Corporation as a global business leader. So, what is Huna Totem’s purpose? It is to be the standard of excellence in everything we do. And this past year’s achievements prove that we are doing just that.
